2024 education schedule

Education Streams

Best Practices & Compliance • Building Performance • Emerging Leaders • NXTEK Smart & Connected • Retail • Security & Risk Management • State of CRE • Sustainability & Climate Action

bomatoronto.org

Inspired **leadership** since 1917

Exceptional education

BOMA Toronto enjoys a deep history of collaboration with industry experts.

Education is organized by theme to offer enriched professional development.

2024 Education areas of focus

Best Practices & Compliance
Building Performance
Emerging Leaders
NXTEK Smart & Connected
Retail
Security & Risk Management
State of CRE
Sustainability & Climate Action

Enhanced access to education through five formats

In-person. Livestream. Webinar. Pre-recorded. OnDemand.

Virtual education has its benefits!

BOMA Toronto has introduced OnDemand learning tools. For most education sessions, a Top Takeaway summary with a link to the session recording is available. Access these through our Resource Library.

Watch at your convenience when you can't be there in person.

Invest in your business & career

Join a powerful network of professionals

BOMA Toronto's leading-edge curated education content delivered through webinars, livestreaming, conventional classroom style lectures and training, is free to members and equips you with the knowledge to maximize your building's performance for every step of your career.
