

2024 Earth Hour Weekend Challenge Contest Information Webinar

Thursday, February 8, 2024

Subject matter experts **Scott Rouse** and **Gabriela Vieira Guinzani** from **Energy@Work Inc.** reviewed competition and data entry requirements along with other key aspects of the Earth Hour Weekend Challenge. Past participants and contest winners, **Jeri MacLean** from **Menkes Developments Ltd.** and **Ryan Ounjian** from **Dream Unlimited** shared insights on how to maximize engagement and Challenge results for building operators, key stakeholders and tenants.

The 2024 Earth Hour Weekend Challenge winner will be recognized at BOMA Toronto's Celebration of Excellence Awards Gala on **May 29, 2024**.

Top Takeaways:

- **The 2024 Earth Hour Weekend Challenge** measures consumption for 60 straight hours. Participants must report data for three consecutive weekends: March 8 to 11, March 15 to 18, and March 22 to 25. [Learn more >](#)
- **While understanding your equipment and systems are important**, don't forget about your people! It is crucial to connect with your property and operations managers early on.
- **Access BOMA Toronto's [tool kit resources](#)** to promote your building's participation in the challenge and share with your team and tenants to encourage everyone to take part.
- **"Listen" to your electricity interval data "with your eyes."** Having access to data allows for a true understanding of how your building works and where the opportunities for improvement are located.
